UNFINISHED BUSINESS:

1. **Speaker System Update** – Drouillard explained we have the music back on from 10:00 a.m. – 3:30 p.m. We are having an issue with the software player. We have not been able to coordinate Olds Electric and KLA. The tentative date is scheduled for 10-27-21. KLA will include a hardware player. Olds Electric indicated it could be more than \$500.00 for the electrical work. Drouillard asked if we could bump up this amount. Discussion follows.

****Blaesing arrived at 5:21 p.m.**

Bender asked if we got paid back from the light pole and speaker that was hit by Foleys. Scott responded we did receive reimbursement. Discussion follows.

MOTION by Kaatz, seconded by Bender to approve adding \$650.00 to the previously allocated \$500.00 for the speaker electrical work that may need to be done.

Roll Call:

Ayes – Kaatz, Bender, Stencel, VanDyke, Bales, Blaesing, Drouillard, Westbrook, Adams

Nays – None

Motion carried

2. **New Website Update** – VanDyke gave a slide show presentation of the draft new website design. Discussion follows. Scott to forward the slide presentation to DDA board members. Drouillard explained we need any feedback by Friday of this week.
3. **Benches Update** – Kaatz explained she found some composite material to redo the benches. The material is at the salvage yard in Adair. The attached quote for this material is to rebuild the benches and picnic tables in Tierney Park. Discussion follows.

MOTION by Blaesing, seconded by Bales to approve a not to exceed amount of \$6,500.00 for the replacement of 27 benches and 10 tables using this composite material.

Discussion

Roll Call:

Ayes – Blaesing, Bales, Bender, Stencel, VanDyke, Drouillard, Kaatz, Westbrook, Adams

Nays – None

Motion carried

4. **RFP & Bids for Christmas Decorations Update** – Bender explained contractors are extremely busy with a shortage of help. We only received one bid for Christmas decorations from Northshore Landscaping. VanDyke opened bid. Greg Stover indicated he is not bidding at this time. Bender explained Stover is no longer interested in doing this. I sent the bid to (Patterson Tree Service, Billy's Lawn Service, Sure Cut). Greg Stover is willing to help show someone the ropes. If we do not get anyone, Stover will do the poles. He would put a price together. Village

employees cannot work on private owned buildings. Discussion follows. Bender asked for volunteers on October 26, 2021 at the DPW garage to help get our current decorations ready to go.

MOTION by Drouillard, seconded Bales to approve up to (not to exceed) \$5,000.00 to put up lights and garland on 44 poles.

Discussion: Board members agree to only do the poles this year.

Roll Call:

Ayes – Drouillard, Bales, Adams, Westbrook, Kaatz, Blaesing, VanDyke, Bender, Stencel

Nays – None

Motion carried

Holiday Pots – Bender explained we only received one bid that came in today. VanDyke opened the bid. This bid came in from Crowell Greenhouse for 32 planters similar to last year with pine cones, bows and festive decorations will be done by November 12, 2021. The quote is for \$3,200.00.

Discussion follows.

MOTION by Blaesing, seconded by Drouillard to accept the quote from Crowell Greenhouse for 32 winter holiday pots.

Roll Call:

Ayes – Blaesing, Drouillard, Adams, Westbrook, Kaatz, VanDyke, Bender, Stencel

Nays – None

Abstain – Bales

Motion carried

- 5. RFP Light Poles Update** – Bender explained we did not have any bids submitted. He received a call from Cut Brothers asking if he could submit a bid after the due date as he was out of town. This bid came in today. VanDyke opened the bid. This light pole painting bid came in at \$28,000.00. Discussion follows.

MOTION by Bender, seconded by Adams to reject the bid from Cut Brothers Painting at this time. We will resolicit these bids after the first of the year 2022.

Roll Call:

Ayes – Bender, Adams, Westbrook, Kaatz, Drouillard, Blaesing, Bales, Stencel, VanDyke

Nays – None

Motion carried

Kaatz explained we talked about the Christmas Lights Contest. Allie Sutton came up with a few different flyers that look fantastic. Discussion follows. The prizes will be donated by local businesses. Board members agree this is a great idea. Winners will be announced at the Lexington Christmas Tree Lighting.

NEW BUSINESS: None

CORRESPONDENCE – Letter to State of Michigan – VanDyke

PUBLIC COMMENT:

- Peter Muoio – Commented on the tie down lot would make a great Welcome Center location along with a ship viewing station and restrooms.
- Brian Blaesing – Commented the new tennis court looks great.

ADJOURNMENT:

MOTION by Kaatz, seconded by Bender to adjourn the meeting at 6:46 pm.

All Ayes

Motion carried.

Respectfully submitted,
Vicki Scott

RESOLUTION NO.

**A RESOLUTION TO APPROVE AMENDING
THE DOWNTOWN DEVELOPMENT AUTHORITY (DDA) PLAN
by
THE VILLAGE OF LEXINGTON DDA BOARD OF DIRECTORS, HURON COUNTY,
MICHIGAN**

WHEREAS, The State of Michigan Downtown Development Authority Act P.A. 57 of 2018 authorizes a Village to establish a Downtown Development Authority when it is in the best interests of the public to halt property value deterioration and increase property tax valuation, where possible, in its business district; to eliminate the causes of that deterioration; to promote economic growth; and

WHEREAS, The Lexington DDA Board has discussed the need to amend the current DDA Plan, which includes both Development and Tax Increment Financing Plans, to provide resources necessary for development project funding; and

WHEREAS, Section 125.4203 of the act requires an ordinance be adopted by the Lexington Village Council indicating the jurisdictional area meets certain legislative requirements and to set a date and time for a public hearing concerning amendment of the DDA Plan;

THEREFORE BE IT RESOLVED: by the Village of Lexington Board of Directors that:

1. The DDA Board finds there is a public need to amend the current DDA Plan to halt property value deterioration and increase property tax valuation, where possible, in its downtown business district; to eliminate the causes of that deterioration; and to promote economic growth;
2. That the proposed DDA Plan amendment will change the boundaries of the DDA District, which is bounded by an area just north of Debell Street to the south; an area just north of Porter Street to the north; Lake Huron to the east; and along Huron Street to Vulcan Street to the west;
3. That the amended plan incorporates a revised potential project list and tax capture schedule that better reflects the development needs of the downtown and the community; and
4. That the DDA Board of Directors approves the DDA Plan amendment and requests that the Lexington Village Council call for a public hearing regarding the plan amendment and notify the taxing jurisdictions, providing an opportunity to meet with the Village concerning the plan amendment.

BACKGROUND AND PURPOSES

GENERAL OVERVIEW

The Village of Lexington Downtown Development Authority (DDA) was created in in 1986. A DDA is governed by a Board of Directors whose primary purpose is to correct and prevent deterioration and promote economic growth within Village of Lexington's principal business district. Other purposes of a DDA include reversing declining property values, improving the overall business climate, and increasing employment opportunities. A primary benefit of forming a DDA is the ability to capture the incremental increase in property taxes that result from improvements in the district. These tax revenues are used to finance public improvements and redevelopment projects within the district, which furthers the goal of economic growth.

A Development Plan is one tool the DDA relies upon for identifying and implementing projects aimed at spurring new private investment. The goals, objectives and recommended actions presented in this document are intended to plan and prioritize projects to help ensure that development and redevelopment within the downtown occurs in an orderly manner. Recommendations also ensure that improvements match the available revenues and can enable the DDA to become eligible for other funding sources. Plan was prepared in accordance with the Downtown Development Authority Act, P.A. 57 of 2018.

A DDA can capture new tax increment in the district (TIF) and use it to pay for improvements that otherwise could not be afforded by either local businesses or Village government. This funding can also be used to incentivize projects that otherwise are not feasible due to development costs that exceed possible revenue. Moreover, creation of a TIF district does not take away current tax revenue; it just captures any new increment that results from improvements to property or an increase in value. Nor does it cause payment of increased taxes by property owners in the DDA District.

LEGAL BASIS OF THE PLAN

The Development Plan and Tax Increment Financing Plan are prepared pursuant to the requirements of Section 217(2)(a-p) of Act 57 of 2018. More specifically, Section 217 of the Act states that “When a board decides to finance a project in the downtown district by the use of revenue bonds as authorized in section 213 or tax increment financing as authorized in sections 214, 215, and 216, it shall prepare a development plan.”

DEVELOPMENT PLAN REQUIREMENTS

Section 217 also indicates that the development plan shall contain all of the following:

A. THE DESIGNATION OF BOUNDARIES OF THE DEVELOPMENT AREA IN RELATION TO HIGHWAYS, STREETS, STREAMS, OR OTHERWISE.

The development area is located within the limits of the Village of Lexington (Map 1.) In general, the development area is bounded by an area just north of Debell Street to the south; an area just north of Porter Street to the north; Lake Huron to the east; and along Huron Street to Vulcan Street to the west. The legal description is found in Appendix A, Development Area Boundary.

B. THE LOCATION AND EXTENT OF EXISTING STREETS AND OTHER PUBLIC FACILITIES WITHIN THE DEVELOPMENT AREA, DESIGNATING THE LOCATION, CHARACTER, AND EXTENT OF THE CATEGORIES OF PUBLIC AND PRIVATE LAND USES THEN EXISTING AND PROPOSED FOR THE DEVELOPMENT AREA, INCLUDING RESIDENTIAL, RECREATIONAL, COMMERCIAL, INDUSTRIAL, EDUCATIONAL, AND OTHER USES, AND INCLUDING A LEGAL DESCRIPTION OF THE DEVELOPMENT AREA.

Existing land uses in the Development Area are illustrated on Map 2, "Existing Land Use".

C. A DESCRIPTION OF EXISTING IMPROVEMENTS IN THE DEVELOPMENT AREA TO BE DEMOLISHED, REPAIRED, OR ALTERED, A DESCRIPTION OF ANY REPAIRS AND ALTERATIONS, AND AN ESTIMATE OF THE TIME REQUIRED FOR COMPLETION.

The description of existing improvements to be demolished and associated schedule for implementation is provided in this plan under the heading “Proposed Improvements.”

D. THE LOCATION, EXTENT, CHARACTER, AND ESTIMATED COST OF THE IMPROVEMENTS INCLUDING REHABILITATION CONTEMPLATED FOR THE DEVELOPMENT AREA AND AN ESTIMATE OF THE TIME REQUIRED FOR COMPLETION.

To expand upon what was indicated above, the location, character and estimated cost/timing of the improvements is provided below:

PROPOSED IMPROVEMENTS

1. Business Development \$60,000

The DDA will assist the Village Council, Planning Commission, local officials, business people, entrepreneurs, etc., in providing an acceptable climate for business investment. Efforts will focus on assisting existing businesses and promoting new businesses that benefit the community. This will likely involve the following projects:

- Institution of a building rehabilitation grant program that provides qualifying applicants funding to improve their building.
- Incentive programs that stimulate private investment and property maintenance such as beautification awards.
- Encouraging property owners and developers to create mixed-use developments, in keeping with downtown zoning requirements.
- Other potential activities that support and promote local business development.

2. Public Buildings and Spaces \$100,000

To better create a sense of place in the downtown and at strategic locations in the DDA District, the DDA will support the development and enhancement of public buildings and spaces including: construction of public restrooms, or other similar structures identified as development occurs, pedestrian plazas, parks, open spaces, gardens, gazebos, performance areas, walkways, and supporting site amenities.

3. DDA Marketing/Development Studies and Promotional Materials \$60,000

Destination branding, and marketing have a key relationship with successful downtown districts. It is an important task to complete once the DDA has identified redevelopment goals and has established its identity within the greater region. Marketing and development attraction studies can be used as tools to attract specific development types or specific developers. Marketing materials (print, radio, mailers, billboard rental) can also be prepared for distribution to developers, retailer and real estate firms promoting downtown Lexington. This may include brochures, exhibits, trade area data, web site materials, social media activities, etc. It is also the Village's desire to create a unified image and market downtown Lexington as a cohesive business district. To that end, funding can be used for a joint marketing strategy with involvement of the business community that brings together resources for advertising, special events and public relations; similar to the programs employed by retail malls. Included here are the festivals and similar activities that are held in the Downtown area.

4. Building Facade and Sign Improvement Program \$400,000

Existing signs and structures in the DDA that are in need of upgrade in terms of design, materials and colors can apply for funding under this program. The DDA can allocate resources to pursue the following efforts toward upgrading the appearance of buildings in the Downtown:

- Develop design guidelines or requirements for all buildings and signs in the downtown with corresponding sketches and pictures
- Develop a program to assist business owners in funding these improvements as a method to encourage implementation of the design guidelines or requirements
- Utilize Village's current zoning ordinance and design guidelines

5. DDA Property Acquisition \$500,000

This involves the acquisition of property to accomplish the goals set forth by the DDA. There are times when key pieces of property become available for purchase within the DDA District, which require the DDA to purchase said properties for redevelopment or public purposes. This can also be a tool to assist with blight removal and demolition within the District.

6. Special Downtown & Urban Design Plans \$40,000

Downtown plans and urban design help to guide the built environment of the downtown District. Many times, these plans focus on form and design elements to enhance the function of the District. Results of these plans can lead to new development projects that have been thoughtfully crafted to create vibrancy and increase density within the District core. These plans also generally result with the development of design-based guidelines for redevelopment of existing sites or development of new sites.

7. Demolition \$100,000

Occasionally, development opportunities require demolition of existing sites and structures. The DDA can participate in the costs of the demolition process when it is appropriate to spur new development opportunities.

8. Public Infrastructure Improvements \$300,000

Public improvements cover a wide array of projects including street lighting, streetscape enhancements, water and sewer improvements, electrical improvements, burying of existing and new utilities, storm water improvements, parking improvements and generally anything else that falls within the public right-of-way, easement or public realm.

9. Private Infrastructure Improvements \$300,000

As part of redevelopment, developers are often required to improve private infrastructure or anything on a private property (not in a public right-of way). The DDA is able to assist with offsetting these costs, specifically when it comes to integrated parking structures such as vertical and underground parking, utilities, water and sewer tap fees, soft costs and others that support density in accordance with local zoning, master plans and Village goals but may be cost-prohibitive to complete the project. Although these improvements are considered private for funding purposes, they have public benefit and support the redevelopment efforts of the Village and DDA.

10. Site Preparation \$200,000

Costs associated with site preparation can be significant for both public and private investment. These costs include such activities as clearing & grubbing, compaction and sub-base preparation, cut and fill operations, dewatering, excavation for unstable material, foundation work to address special soil concerns, retaining walls, temporary sheeting/shoring, specific and unique activities, etc.) anything on private property not in a public right-of-way to support density and prohibitive costs to allow for greater density in accordance with local zoning, master plans and Village goals.

11. Environmental Activities \$100,000

Environmental Activities would include activities beyond what may be supported by the Michigan Department of Environment, Great Lakes and Energy (EGLE) under an approved Brownfield Plan and Act 381 Work Plan to protect human health and the environment, off-set cost-prohibitive environmental costs and insurance needs, etc. This can also include wildlife and habitat preservation or restoration related to a specific development project or Public Buildings and Spaces under item #2 above.

12. Gap Funding \$500,000

Recognizing that the cost of mixed-use, traditional development is higher than it is for undeveloped sites, the Village may, at its own discretion, commit project-specific future tax increment capture back to private projects for a specified period of time. The goal is to provide funding to close the “gap” that prevents the project from becoming a reality due to financial feasibility. For example, if the pro-forma for a project indicates that it cannot generate enough income to cover the cost of construction and a reasonable rate of return for a developer/investor, future tax increment can be committed to that development to make it feasible. It can also be used as a tool to attract companies and businesses to the Village to create new employment opportunities within the DDA District.

13. Consultation and Operational Expenditures \$300,000

The Consultation and Operational Expenditures category provides for professional services and operational activities relating to the DDA. This category is relatively variable and is subject to the level and complexity of future activities taken on by the DDA. Professional services may be required to implement the proposals within this Plan and to manage and operate the DDA. This may include, but is not limited to, market studies, grant writing and administration, planning and architectural design, engineering, inspections & construction management services, environmental assessment & mitigation planning. DDA operational activities may include but are not limited to, public notices, mailings, office supplies, administrative support, equipment usage/rental, etc.

Estimated Total Cost of All Projects: \$2,960,000

E. A STATEMENT OF THE CONSTRUCTION OR STAGES OF CONSTRUCTION PLANNED, AND THE ESTIMATED TIME OF COMPLETION OF EACH STAGE.

The specific projects to be undertaken by the DDA are not known at this time. The “Proposed Improvements” list above will be updated to show the construction planned, and the estimated time of completion, for each project as this information is known.

F. A DESCRIPTION OF ANY PARTS OF THE DEVELOPMENT AREA TO BE LEFT AS OPEN SPACE AND THE USE CONTEMPLATED FOR THE SPACE.

Future land uses for DDA District are shown on Map #3 and it identifies existing and proposed open space.

G. A DESCRIPTION OF ANY PORTIONS OF THE DEVELOPMENT AREA THAT THE AUTHORITY DESIRES TO SELL, DONATE, EXCHANGE, OR LEASE TO OR FROM THE MUNICIPALITY AND THE PROPOSED TERMS.

At the present time the Authority has no plans to lease, own, or otherwise control property in its own name. Should acquisition of property be required in the future to accomplish the objectives of the DDA, or should the Authority receive property by donation, through purchase, or by any other means of acquisition, the Authority will establish and formally adopt appropriate procedures for property disposition, subject to applicable Federal, State, and local regulations.

H. A DESCRIPTION OF DESIRED ZONING CHANGES AND CHANGES IN STREETS, STREET LEVELS, INTERSECTIONS, TRAFFIC FLOW MODIFICATIONS, OR UTILITIES.

Lexington has recently updated the Village Master Plan and also the Zoning Ordinance to strengthen zoning requirements, while remaining flexible, for new uses that may be attracted to the downtown. Proposed changes in infrastructure such as streets, sidewalks, utilities, etc. are not known at this time but will also be added to the Appendix when they are.

I. AN ESTIMATE OF THE COST OF THE DEVELOPMENT, A STATEMENT OF THE PROPOSED METHOD OF FINANCING THE DEVELOPMENT, AND THE ABILITY OF THE AUTHORITY TO ARRANGE THE FINANCING.

A description, including cost estimate, schedule of implementation, and method of financing for each improvement project that will be completed within the district is contained in the Implementation Strategy. This Strategy is adopted as a separate document to allow for regular updates that will keep it current without amending the DDA Plan.

J. DESIGNATION OF THE PERSON OR PERSONS, NATURAL OR CORPORATE, TO WHOM ALL OR A PORTION OF THE DEVELOPMENT IS TO BE LEASED, SOLD, OR CONVEYED IN ANY MANNER AND FOR WHOSE BENEFIT THE PROJECT IS BEING UNDERTAKEN IF THAT INFORMATION IS AVAILABLE TO THE AUTHORITY.

Information concerning the names of people for whom benefits may accrue is unknown at this time and will not be available until phases of implementation are underway.

K. THE PROCEDURES FOR BIDDING FOR THE LEASING, PURCHASING, OR CONVEYING IN ANY MANNER OF ALL OR A PORTION OF THE DEVELOPMENT UPON ITS COMPLETION, IF THERE IS NO EXPRESS OR IMPLIED AGREEMENT BETWEEN THE AUTHORITY AND PERSONS, NATURAL OR CORPORATE, THAT ALL OR A PORTION

OF THE DEVELOPMENT WILL BE LEASED, SOLD, OR CONVEYED IN ANY MANNER TO THOSE PERSONS.

All such procedures will follow both Village and state law and at the present time there are no commitments made.

- L. ESTIMATES OF THE NUMBER OF PERSONS RESIDING IN THE DEVELOPMENT AREA AND THE NUMBER OF FAMILIES AND INDIVIDUALS TO BE DISPLACED. IF OCCUPIED RESIDENCES ARE DESIGNATED FOR ACQUISITION AND CLEARANCE BY THE AUTHORITY, A DEVELOPMENT PLAN SHALL INCLUDE A SURVEY OF THE FAMILIES AND INDIVIDUALS TO BE DISPLACED, INCLUDING THEIR INCOME AND RACIAL COMPOSITION, A STATISTICAL DESCRIPTION OF THE HOUSING SUPPLY IN THE COMMUNITY, INCLUDING THE NUMBER OF PRIVATE AND PUBLIC UNITS IN EXISTENCE OR UNDER CONSTRUCTION, THE CONDITION OF THOSE UNITS IN EXISTENCE, THE NUMBER OF OWNER-OCCUPIED AND RENTER-OCCUPIED UNITS, THE ANNUAL RATE OF TURNOVER OF THE VARIOUS TYPES OF HOUSING AND THE RANGE OF RENTS AND SALE PRICES, AN ESTIMATE OF THE TOTAL DEMAND FOR HOUSING IN THE COMMUNITY, AND THE ESTIMATED CAPAVILLAGE OF PRIVATE AND PUBLIC HOUSING AVAILABLE TO DISPLACED FAMILIES AND INDIVIDUALS.**

At the present time, no known relocation of families or individuals will take place within the scope of this proposed Development Plan or Tax Increment Financing Plan. Should said displacement be planned during implementation of the plan, the above information will be gathered accordingly.

- M. A PLAN FOR ESTABLISHING PRIORITY FOR THE RELOCATION OF PERSONS DISPLACED BY THE DEVELOPMENT IN ANY NEW HOUSING IN THE DEVELOPMENT AREA.**

At the present time, no known relocation of families or individuals will take place within the scope of this proposed Development Plan or Tax Increment Financing Plan.

- N. PROVISION FOR THE COSTS OF RELOCATING PERSONS DISPLACED BY THE DEVELOPMENT AND FINANCIAL ASSISTANCE AND REIMBURSEMENT OF EXPENSES, INCLUDING LITIGATION EXPENSES AND EXPENSES INCIDENT TO THE TRANSFER OF TITLE, IN ACCORDANCE WITH THE STANDARDS AND PROVISIONS OF THE UNIFORM RELOCATION ASSISTANCE AND REAL PROPERTY ACQUISITION POLICIES ACT OF 1970, PUBLIC LAW 91-646, 84 STAT. 1894.**

At the present time, no known relocation of families or individuals will take place within the scope of this proposed Development Plan or Tax Increment Financing Plan.

- O. A PLAN FOR COMPLIANCE WITH THE FEDERAL UNIFORM RELOCATION ASSISTANCE AND REAL PROPERTY ACQUISITION POLICIES ACT OF 1970 AND ACT 227 OF THE PUBLIC ACTS OF 1972.**

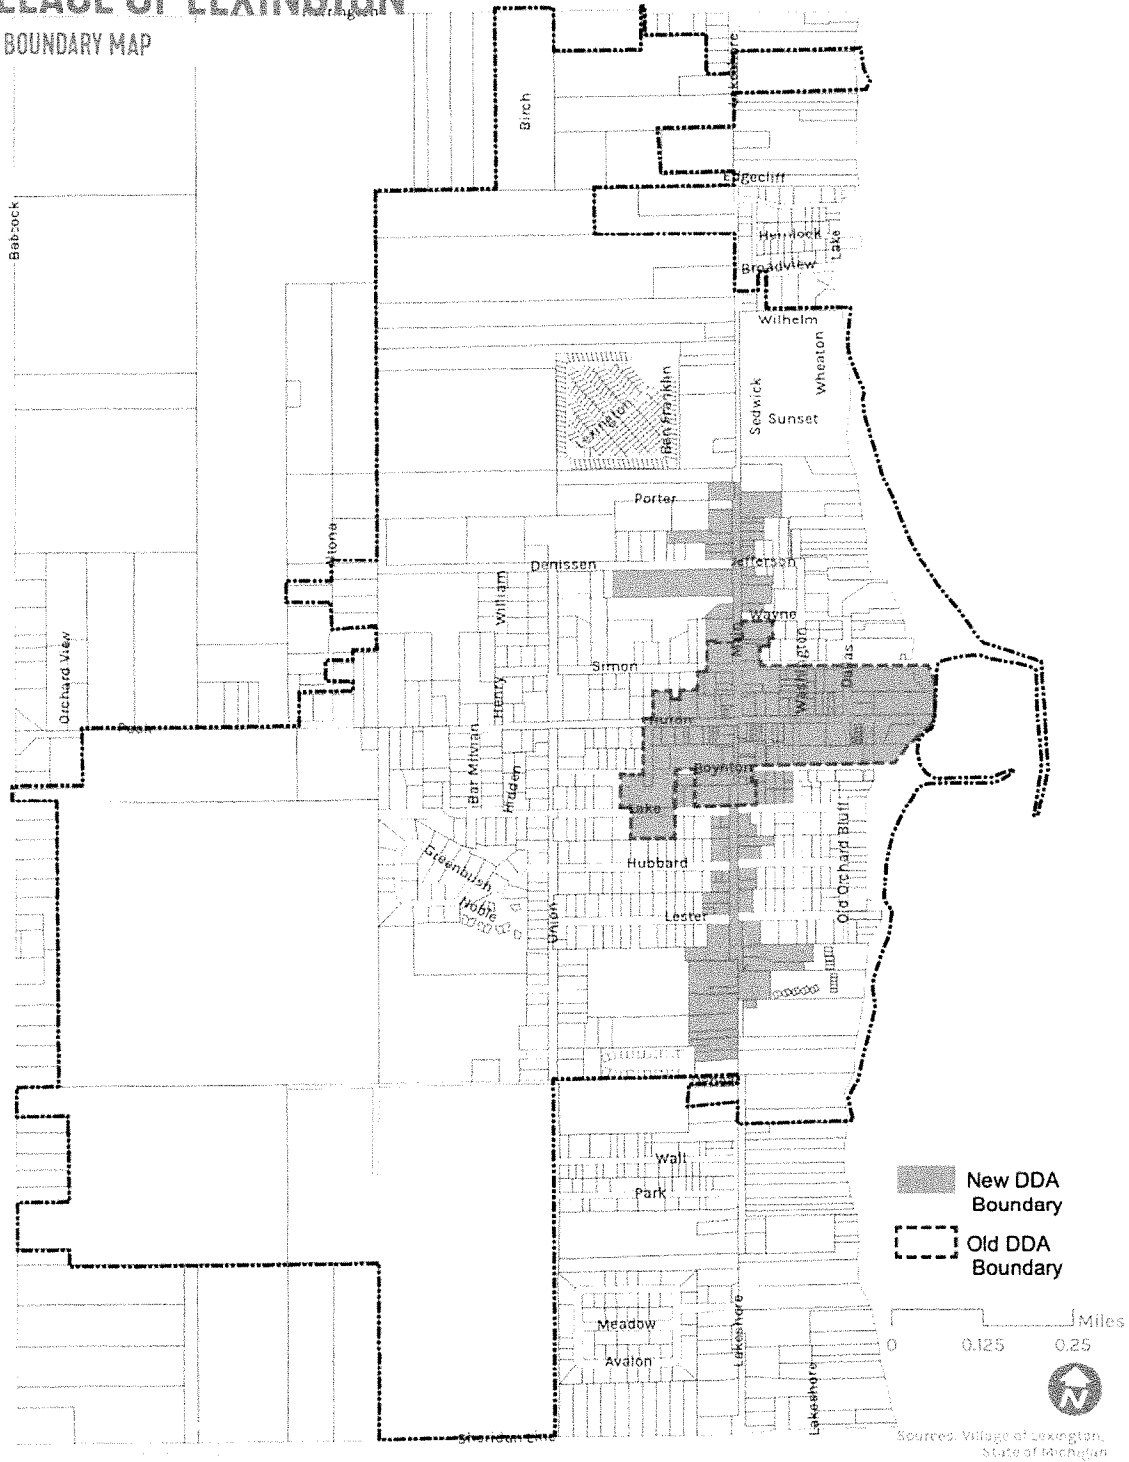

At the present time, no known relocation of families or individuals will take place within the scope of this proposed Development Plan or Tax Increment Financing Plan.

P. OTHER MATERIAL THAT THE AUTHORITY, LOCAL PUBLIC AGENCY, OR GOVERNING BODY CONSIDERS PERTINENT.

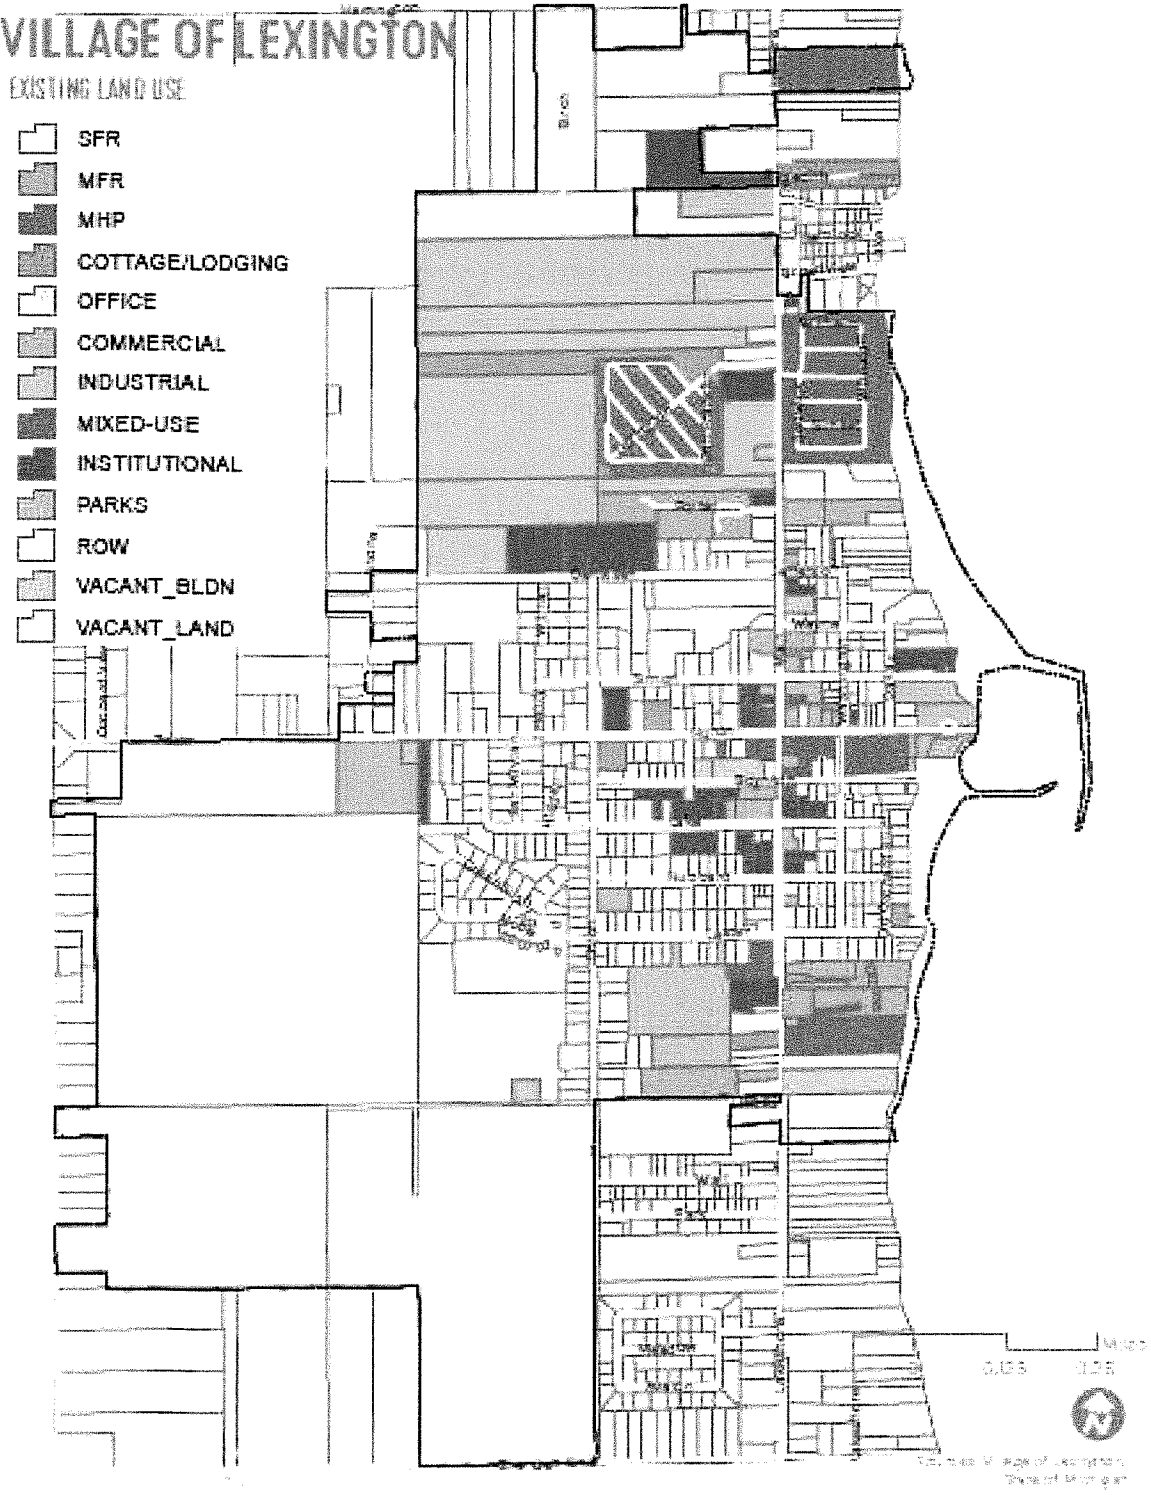

Such other material will be identified or added as the need arises.

TAX INCREMENT FINANCING PLAN

EXPLANATION OF THE TAX INCREMENT PROCEDURE

Tax Increment Financing (TIF financing) is a method of funding public investments in an area slated for (re)development by capturing, for a time, all or a portion of the increased tax revenue that may result from increases in property values, either as a result of (re)development or general market inflation. The concept of tax increment financing is applied only to the Development Area for which a development plan has been prepared by the Downtown Development Authority and adopted by the Village Council.

As provided in PA 57 of 2018, tax increment financing is an effective tool for financing redevelopment and planning of designated development areas within a Downtown Development Authority District. TIF financing can be used to fund facilities, structures, or improvements within the district and to: 1) market businesses within the district; 2) plan for property within the district; 3) acquire land; 4) improve sites; 5) construct buildings; and 6) administer the Development Plan. Because TIF financing involves capture of tax revenue for certain parcels, TIF dollars must be used for improvements that will generally benefit those same parcels.

“Captured Taxable Value” can be described as the difference in amount in any year of the Plan in which the current assessed value exceeds the initial assessed value. “Current Taxable Value” is the amount of value upon which taxes are based for the current year, also called the Taxable Value. “Initial Taxable Value” represents the assessed value of properties at the time the DDA was established or updated, in this case 1986. Tax exempt properties are represented as a zero value in the Plan, since no tax increments will be collected for that site, regardless of increases in actual property value. The difference between the initial taxable value (base year total) and the current taxable value (current year total) is the value of property for which taxes can be captured and (re)invested by the DDA.

I. Increase in taxable value. The initial taxable value (“SEV”) for this plan is the taxable value of all real and personal property in the development area as determined on December 31, 1986 and finally equalized by the State in May 1987. This is commonly considered the SEV for 2006. As shown in Table I, the base value of real property in the district is \$1,920,100.

(1) This table assumes capture based on inflation only - no new development or increase in

(2) 2022 - 2046 assume 2.0% growth/year.

The purpose of the Tax Increment Financing Plan is to ensure that revenues from tax increment capture will be sufficient to cover anticipated costs, especially when it comes to bond debt. Therefore, some assumptions are involved in order to project property values into the future to determine anticipated revenues. Since the economy is currently in the midst of an upswing, the following assumptions provide the basis for the figures in Table I. A modest increase in property values was assumed. A conservative growth rate of 2.0% was used in the projections for future TIF revenue.

2. **Capturable Taxable Value.** A limited amount of development is expected over the entire DDA District. To provide conservative estimates, the TIF revenues are based on increases in property values based on the market, not improvements to property.

3. **Tax Increment Capture.** Beginning with the 2022 tax collection, and for each year within the term of the plan, municipal and county treasurers transmit directly to the DDA, the applicable portion of the tax levy set by the taxing units on the real property in the development area, including that portion of any commercial facilities tax levied pursuant to P.A. 255 of 1978 and that portion on an industrial facilities tax levied pursuant to PA 198 of 1974. Voted and separately identified debt millage revenues do not come to the DDA, but instead go directly to the intended taxing units.

“Tax increment revenues” means the amount of ad valorem property taxes and specific local taxes attributable to the application of the levy of all taxing jurisdictions upon the captured assessed value of real and personal property in the Development Area. Tax increment revenues do not include any of the following:

- a. Taxes under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906.
- b. Taxes levied by local or intermediate school districts.
- c. Ad valorem property taxes attributable either to a portion of the captured assessed value shared with taxing jurisdictions within the jurisdictional area of the authority or to a portion of value of property that may be excluded from captured assessed value or specific local taxes attributable to the ad valorem property taxes.
- d. Ad valorem property taxes excluded by the tax increment financing plan of the authority from the determination of the amount of tax increment revenues to be transmitted to the authority or specific local taxes attributable to the ad valorem property taxes.
- e. Ad valorem property taxes exempted from capture under section 18(5) or specific local taxes attributable to the ad valorem property taxes.
- f. Ad valorem property taxes specifically levied for the payment of principal and interest of obligations approved by the electors or obligations pledging the unlimited taxing power of the local governmental unit or specific taxes attributable to those ad valorem property taxes.

To utilize tax increment financing, the DDA must prepare a development plan and a tax increment financing plan. Both plans are submitted to the Village Council, who must approve the plans. These plans may be amended in the future to reflect changes desired by the DDA or the Village. All amendments must follow the procedures of the Act.

MAXIMUM AMOUNT OF BONDED INDEBTEDNESS TO BE INCURRED

The Downtown Development Authority may explore the possibility of bonding against future revenues to supply the funds required to accomplish larger public improvement projects. The extent of the indebtedness and the timing of the debt retirement will be determined by the extent of the tax increment revenues. The maximum indebtedness, as stated in PA 57 of 2018, cannot exceed the ability to service the debt from tax increments. Only 80% of projected revenues are available as debt service funds. The DDA currently has no bonded indebtedness. Future plan updates will consider outstanding debt as it plans for continued investment in the district.

DURATION OF THE DEVELOPMENT PROGRAM

The duration of the tax increment financing plan is twenty-five (25) years, commencing in 2022 and will cease with tax collections due in December 2046, unless this plan is amended to extend or shorten its duration.

STATEMENT OF THE ESTIMATED IMPACT OF TAX INCREMENT FINANCING ON TAXING JURISDICTIONS IN WHICH THE DEVELOPMENT AREA IS LOCATED.

The DDA is eligible to capture tax increment revenues from Sanilac County and Sanilac County taxing entities including: Drug Task Force; Senior Citizens; County Road Commission; County Parks; County Library; Medical Control; County Veterans; Medical Care Facility; 911 EMG; S.A.V.E.; and Recycling. Local tax increment capture

includes the Village of Lexington Operating and the Moore Library. (For a complete listing of taxing jurisdictions please see Table 3 below.

The most important impact on the affected taxing jurisdictions is that the amount of revenue they currently receive from property within the district will not increase during the life of the Plan. Once the base value of the district is set, the DDA will capture the revenue from any increase in property value. The base amount would still flow to the appropriate taxing jurisdictions. In other words, the revenue to each taxing jurisdiction would effectively be frozen at the base value for the entire term of the DDA Plan.

The impact of tax increment financing on the revenues of all taxing properties is illustrated in Table 3 on the following page.

PLAN FOR THE EXPENDITURE OF CAPTURED TAXABLE VALUE BY THE AUTHORITY

1. **Estimate of Tax Increment Revenues.** Table 3 on page 17 summarizes the estimated tax increment revenues by year. The projected annual growth in taxable value is estimated at 2% annually and is shown in Tables 1 and 2 above. Additional increases in the assessed valuation for the Development Area and consequent tax increment revenues may result from other new construction, rehabilitation, expansion, or additional appreciation in property values beyond the estimated 2% figure. These increases are beyond those projected in this plan but if such increases result, the tax increment revenues will be spent according to this plan to accelerate the implementation of the public improvement program.
2. **Expenditure of Tax Increment Revenues.** Any additional tax increment revenues beyond those projected in this plan will:
 - a. Be used to expedite any debt service;
 - b. Further the implementation of the public improvement program; or
 - c. Be returned, pro-rata, to the taxing units.

Should the tax increment revenues be less than projected, the DDA may choose to:

- a. Collect and hold the captured revenues until a sufficient amount is available to implement specific public improvements;
- b. Consider implementing public improvement projects based upon the ability to match existing funds with expenditures while seeking out additional funding sources; or
- c. Amend the development plan and/or tax increment financing plan to allow for alternative projects and funding.
