New Business:

1. Pre-application plans for Brown Ridge Estates

Anne Craig stated Greg Brown would like to present a proposed preliminary site plan for a Planned United Development (PUD) for a parcel he would like to develop just to the south of Harrington Road. Greg Brown joined the pre-application conference via telephone. The plan is to have 19 homes developed. Greg is working with Chris Townley during this process, and John Milletics has surveyed the plots. Discussion followed on the size of the cul-de-sac at the end of the property because it is smaller than the municipal code requires.

Greg Brown wants to stay on schedule with the sewer development the Village has started. If approved in a timely manner, he would like to run water and sewer this fall.

Brown stated the road will be built to spec. For the inception of this development, the plan is for a private gravel road that can be paved and deeded over to the Village if the condo association wishes to in the future. Discussion followed regarding the gravel road. Klaas will research this further.

Huepenbecker stated after this pre-application conference, the next step is the Preliminary Plan Site, followed by the Final Plan and noted there will be a checklist to accompany the the preliminary plan.

Greg Brown would like to run the water and sewer this fall and have it documented by the planning commission that the current plotting is acceptable. Discussion followed about the possibility of setting a special meeting. Klaas will meet with Greg Brown and go over the checklist.

Old Business:

1. Harbor Update -

Roehl explained Edgewater Resources met with each committee and hosted a Town Hall last month. There was a great turnout. The steering committee will be meeting again this Thursday at 8:30 a.m. Edgewater has scheduled another Town Hall for September 20, 2023, at 6:00 p.m. They have not set the location, but it will be posted on the website as soon as it is determined.

Fulton stated the Village's design guidelines should be followed. Discussion followed.

2. RRC Update -

Huepenbecker reviewed a checklist showing the progress on RRC. She has updated Trello, and the ZBA Bylaws will go to Council for approval in March. The Capital Improvement Plan is staff-directed, and Lori Fisher is working with department heads on it. Updating the Public Participation Plan is Council's responsibility.

A joint meeting between Council, Planning, and the DDA is required. Discussion followed regarding it.

New Business:

2. Dumpster Discussion - screening rather than encloser -

Fulton explained our current blight ordinance does not support our intent to help the zoning administrator. Fulton is asking for feedback on pursuing the screening option. Huepenbecker stated the Council is holding a public hearing on a municipal code ordinance recommended by the zoning administrator to deal with overflowing trash on dumpsters. The consensus of the Commission is not to pursue the screening option at this time.

Public Comment - None

Adjournment - Motion by Fulton, seconded by Regan, to adjourn at 5:35 p.m.

Respectfully submitted, Vicki Scott

VILLAGE OF LEXINGTON Planning Commission Special Meeting

Village Hall 7227 Huron Avenue, Lexington, MI October 12, 2023

Special Meeting called to order at 7:00 p.m. by Chairman Ziegler

Roll Call: Vicki Scott

Present: Ziegler, Picot, Stencel, Roehl, Morris, Huepenbecker

Absent: Regan, Kaatz

Others Present: Greg Brown, Doug Gielow, Craig Gielow

PUBLIC COMMENT: None

BUSINESS:

1. FINAL SITE PLAN FOR THE GIELOW PROJECT -

Ziegler reads the memo from Dennis Klass, Zoning Administrator, regarding correspondence with Eric Essenmacher, Sanilac County Building Inspector, that states:

The walls are an extension of the foundation. The current land use will allow them to do that, but that is all. Nothing else is covered by that permit.

Reports from Adam Young and Chris Townley indicate many revisions need to be made before the final site plan can be approved.

Motion by Morris, seconded by Huepenbecker, to table the final site plan review for Phase I until the November regular meeting.

All Ayes

Motion carried

Huepenbecker advised Gielows that to give enough time for their final site plan to be reviewed, they need to submit it by October 23 if they want it approved at the November 6 meeting or by November 16 if they want it approved at the December 4 meeting.

2. RESIGNATION -

Motion by Morris, seconded by Picot, to approve the resignation of Mike Fulton with regrets.

Any changes not listed in a-d shall be reviewed by the Zoning Administrator for compliance with this Ordinance. If approved, the Zoning Administrator shall make a record of such approval and place a copy in the property file.

3.4.7. Modification of Plan During Construction.

All improvements shall conform to the final site plan. It shall be the responsibility of the applicant to notify the Zoning Administrator of any such changes prior to such change being made. Any changes which result in a material alteration of the site plan approved by the Planning Commission shall require resubmittal to the Planning Commission. The Planning Commission or Zoning Administrator may require the applicant to correct the changes so as to conform to the approved final site plan.

3.4.8. Phasing of Development.

The applicant may, at his discretion, divide the proposed development into two (2) or more phases. In such case, the preliminary site plan shall cover the entire property involved and shall clearly indicate the location, the size, and character of each phase. A final site plan may be submitted for review and approval for each phase.

3.4.9. Inspection.

The Zoning Administrator or designee shall be responsible for inspecting all improvements for conformance with the approved final site plan, prior to issuing a certificate of occupancy. All sub-grade improvements such as utilities, sub-base installations for drives and parking lots, and similar improvements shall be inspected and approved prior to covering. The applicant shall be responsible for requesting the necessary inspection.

3.4.10. Violations.

The approved final site plan shall regulate development of the property and any violation of this Article, including any improvement not in conformance of the approved final site plan, shall be deemed a violation of this Ordinance as provided in Article 1 of the Code of Ordinances, and shall be subject to all penalties therein.

SEC. 3.5 SITE CONDOMINIUM PROJECT REGULATIONS

3.5.1. Intent.

Pursuant to the authority conferred by Section 141 of the Condominium Act, preliminary and final site plans shall be regulated by the provisions of this Ordinance and subject to the review by the Planning Commission and approval of the Village Council.

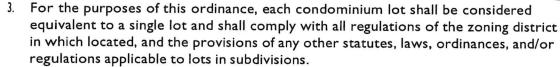

3.5.2. General Requirements.

I. Each condominium lot shall be located within a zoning district that permits the proposed use.

Each condominium lot shall front on and have direct access to a public street approved by the Village.
